9IN TOUCH SCREEN HD MIRROR DISPLAY 1080P WITH HD DUAL CAMERA

\$650

Features

- " 9" Touch Screen HD Display, for streaming and reversing.
- " Dual Camera Inputs, includes 2 cameras that can be mounted virtually anywhere on the vehicle or even on a trailer
- " 1080P HD Resolution, produces clear footage from both cameras to capture critical details.
- " Wide Angle Lens, 110 degree camera angles minimise blind spots around the vehicle.
- " Both cameras can be used as either front or rear view as the image can be flipped on the display.
- " Streaming Mode, view the rear camera at any time or a clear unobstructed view.
- " Reversing Mode, the heavy duty camera switches to reverse mode when reverse gear is engaged.
- " Reversing Mode, the heavy duty camera switches to reverse mode when reverse gear is engaged.
- " Parking Guidelines, display on the heavy duty camera when the reverse trigger cable is connected and reverse gear is engaged.

**From \$1150
Installed**

7" Vision S Wireless Camera System

The Furrion Vision S Camera System is designed to assist the driver by providing a clear and wide image of the area behind the vehicle whenever the vehicle is shifted into reverse.

We have tested many many Wireless cameras and this is the only one we would recommend if you cannot use a fully wired system

Great for Boats, Caravans where running wires is difficult or not possible

Also good if you use different towing vehicles

SHU050150050

SMARTSHUNT 500A/50MV Fully Installed

The SmartShunt is an all in one battery monitor, only without a display. Your phone acts as the display. The SmartShunt connects via Bluetooth to the VictronConnect App on your phone (or tablet) and you can conveniently read out all monitored battery parameters, like state of charge, time to go, historical information and much more. In addition, the SmartShunt can be connected and be read by a GX device. Connection to the GX device is made via a VE.Direct cable.

\$650.00
BPR000065400

BATTERYPROTECT 12/24V 65A - Installed

The BatteryProtect disconnects the battery from non essential loads before it is completely discharged (which would damage the battery) or before it has insufficient power left to crank the engine.

The Battery Protect is not a uni-directional device. It can only deal with current in one direction, so either current to a load, or current from a charger, but not both currents at the same time. In addition to this, current only can only flow from the Battery terminal to the Load terminal. In case of use with a load, the battery connects to the Battery terminal, and in case of use with a charger, the charger connects to the Battery terminal.

\$350.00
PIN1250

PHOENIX INVERTER 12/500 230V Fully Installed

Victron Energy Phoenix Inverter 12/500 with VE.Direct communication port and 500VA pure sine wave output.

500w will charge E bikes, Laptops, Cell Phones, CPAP Machines, and much more.

Installed with remote switch

From \$650.00
PMP122160000

MULTIPLUS 12/1600/70-16 230VAC INVERTER/CHARGER

The 500VA - 1200VA Multis are a powerful true sine wave inverter, a sophisticated battery charger that features adaptive charge technology and a high-speed AC transfer switch in a single compact enclosure. - Includes RCBO circuit protection
 * price is dependant battery size & capability's and switch board work required

**Installed to existing Power Outlets,
 includes new Electrical Warrant and electrical certificate of compliance**

\$2600.00
PMP482305010

MULTIPLUS-II 48/3000/35-32

The Victron Energy MultiPlus-II inverter/charger combines the functions of the MultiPlus and the MultiGrid. It has all the features of the MultiPlus, plus an external current transformer option to implement PowerControl and PowerAssist and to optimize self-consumption with external current sensing (max. 32A). It also has all the features of the MultiGrid with built-in anti-islanding.

Victron Smart Touch Screen System - Start Package

\$950 to \$1400

Brand: Victron Energy

Cerbo GX controller
 Choice of CX 50 or CX 70 Fully Touch Display
Data Cables to your existing victron modules-
Works with Smart Shunts, Solar Chargers, Inverters and DC:DC
Chargers.

This GX-device provides monitoring and operates as the communication centre of your installation-

Allows WiFi remote monitoring , Cloud logging of your usage and charging
 Share you information with friends and family, check your status from your phone - anywhere. - allow touch screens and tank monitoring solutions
 Available add-ons, for data include 4G - 5 year IoT Connection kit + \$458

+ Installation costs.

Build your Smart System

VTANK

Victron 3 Tanks sensor add-on to VSMART

\$850

The GX Tank 140 takes readings from up to four tank level sensors. It is an accessory that allows for motoring on the touch screens , via the internet and more. - Requires VSMART (1) installed.

+ Installation costs

Package for 3 Tank system, Black or GAS , Grey , Fresh tanks

Ultrasonic Tank Level Bottom Sensor no penetration

Sensor is 28mm diameter and 18mm high

LPG Tank Level Magnetic - Incl pre-processor

LPG Tank sensor will monitor vertical (not horizontal) tanks up to 800mm high (32 inches).

Bonus - FREE Indoor / Outdoor temperature sensors

SBS050150200

SMART BATTERY SENSE LONG RANGE (UP TO 10M)

\$82.00

Brand: Victron Energy

The Victron Energy Smart Battery Sense is a wireless battery voltage and temperature sensor for Victron MPPT Solar Chargers.

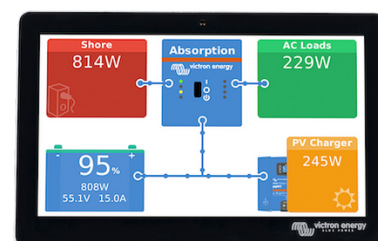

With voltage and temperature sense in place, batteries will be better charged; improving charging-efficiency and prolonging battery life.

Both for lead, and for lithium batteries. great for managing battery voltages when its hard to gain access to your battery

Monitor the battery voltage at the battery - not at the end of your wiring

victron energy

Samsung27D

Samsung Smart Display 27"

The World's 1st Do-It-All Screen

The display for every side of life. Get work done without a PC, with the installed Microsoft Office 365, or by remote access to your office computer. Then switch to pure entertainment with the on-board one-stop entertainment system.

Stream endless entertainment | Smart Hub

Binge watching just got easier. Access entertainment apps, such as Netflix™, YouTube™, and Amazon Prime™ without switching on your PC or laptop. The remote control and built-in speakers simplify your chill time by making streaming access a breeze.

Just say "play" to play | Voice Assistant

Switch between apps, control videos, and more through the Voice Assistant or SmartThings app.

Plug in and see | Auto Source Switch +

No more switching around. With Automatic Source Switch Plus, your monitor detects newly connected devices as soon as they're plugged in, and displays the correct signal. No more searching for the right input on the menu.
