From \$1150 Installed

5" or 7" Vision S Wireless Camera System

Unit Only \$900

The Furrion Vision S Camera System is designed to assist the driver by providing a clear and wide image of the area behind the vehicle whenever the vehicle is shifted into reverse.

We have tested many many Wireless cameras and this is the only one we would recommend if you cannot use a fully wired system

Great for Boats, Caravans where running wires is difficult or not possible

Also good if you use different towing vehicles

7" MONITOR

REAR CAMERA

SIDE CAMERA OPTIONAL

MONITOR & ACCESSORIES

SHU050150050

SMARTSHUNT 500A/50MV Fully Installed

The SmartShunt is an all in one battery monitor, only without a display. Your phone acts as the display. The SmartShunt connects via Bluetooth to the VictronConnect App on your phone (or tablet) and you can conveniently read out all monitored battery parameters, like state of charge, time to go, historical information and much more. In addition, the SmartShunt can be connected and be read by a GX device. Connection to the GX device is made via a VE.Direct cable.

\$550.00

BPR000065400

BATTERYPROTECT 12/24V 65A - Installed - Not for Lithium

The Battery Protect disconnects the battery from non essential loads before it is completely discharged (which would damage the battery) or before it has insufficient power left to crank the engine.

\$350.00

The Battery Protect is not a uni-directional device. It can only deal with current in one direction, so either current to a load, or current from a charger, but not both currents at the same time. In addition to this, current only can only flow from the Battery terminal to the Load terminal. In case of use with a load, the battery connects to the Battery terminal, and in case of use with a charger, the charger connects to the Battery terminal.

This is a must for lead acid and AGM battery's that have no management system

PIN1250

PHOENIX INVERTER 12/500 230V Fully Installed

Victron Energy Phoenix Inverter 12/500 with VE.Direct communication port and 500VA pure sine wave output.

From \$650.00

500w will charge E bikes, Laptops, Cell Phones, CPAP Machines, and much more.

Installed with remote switch

PMP122160000

MULTIPLUS 12/1600/70-16 230VAC INVERTER/CHARGER
